02 學習與生活

Campus Learning

擴大希望，爭取菁英

本校自 108 學年度起積極推動各式措施招收多元背景學生，一方面以希望入學招收各類別經濟或文化不利學生，名額由 108 學年 35 名逐年擴增至 111 學年 106 名，已達成四年三倍的招生目標，再藉由希望獎學金與弱勢學生入學考試補助計畫，結合現有資源協助弱勢學生專心學習。

設立傅鐘獎學金，辦理實體及線上招生宣傳與全國學子交流意見，吸引優秀學生就讀，期望所有學生善用臺大資源學習成長，未來能發揮所長，以利他精神貢獻社會發展並實踐夢想。另，為促進人才培育、提昇學士班學生學習風氣，鼓勵學術領域優異表現，自 111 學年起設置臺大校長獎，提供學士班二年級至修業年限最高年級，前一學年課業表現優異在學系前 2% 學生，等同一年學雜費全額之獎學金，獲獎之評選標準及評選程序，由各學系自訂施行細則。

招收多元背景學生 Recruiting Students from Diverse Backgrounds

Increasing Diversity and Attracting Elites

NTU has been pushing for diversity and inclusion via different measures since the 2019-20 academic year. For example, NTU launched the Hope Admission Scheme to admit culturally diverse and economically disadvantaged students. As students admitted via the scheme climbed steadily from 35 in 2019 to 106 in 2022, the project tripled the number of recipients within a four-year span. By utilizing available resources, NTU aims to combine the Hope Scholarship and the NTU Entrance Examinations fees subsidy program to provide additional assistance for disadvantaged students.

NTU established the Fu Bell Scholarship and held on-site and online admission events to exchange ideas with students from across Taiwan. Besides aiming to attract the most outstanding students to its halls, NTU expects all admitted students to utilize university resources with utmost efficiency, leverage their strengths in the future, observe the spirit of altruism in society, and realize their dreams. Starting from the 2022-23 academic year, NTU established the NTU Presidential Award, which is aimed at cultivating talent, encouraging student learning, and boosting academic achievement in the undergraduate program. The award is presented to the top 2% of sophomore students in each department. Each recipient receives a scholarship that amounts to full tuition and fees for one academic year. Specific evaluation criteria and screening processes are individually drafted by each department.

Some students travel to remote communities to offer assistance. The university offers more than 500 service courses each year and organizes over 50 social service teams to support communities in remote mountainous areas in eastern Taiwan, fishing villages on offshore islands, and overseas locations such as India, Malaysia, and northern Thailand. The teams contribute to recreational activities, health care, tutoring, environmental protection, and sustainability. To promote students' efforts to bring the spirit of service to remote communities at home and abroad, NTU provides professional and remote community service subsidies and supports long-term extended projects to specific communities.

The Stanley Wang D-School@NTU (D-School) is committed to inspiring our society to undertake changes for a better and brighter future. Since its establishment in March 2015, the D-School has promoted education focused on innovation and creativity with the goal of building a learners-centered interdisciplinary environment for teaching and research. In August 2021, the D-School was transformed into a functional college that is both teaching- and research-oriented, with "Innovation, Entrepreneurship, and Creation" as the hallmarks of its development. Having been given the role of an experimental sandbox in teaching and research for Future NTU, the D-School established the "Trans-disciplinary Bachelor Degree Program" to bring together both R&D and innovative courses and programs from NTU's various colleges and units, with the objectives of adapting to current trends and a changing world, as well as cultivating talent that spans many different disciplines.

鼓勵學生勇敢實現出國學習夢想

為了拓展學生國際視野與經驗，促進本校與各國高校間學術及文化交流，培育本校優秀學子成為具國際競爭力的未來人才。自 2019 年起新設「國立臺灣大學希望出航獎學金」，透過該獎學金的支持，為更多弱勢學生開啟出國交換的大門，大幅降低出國交換期間的經濟壓力，實質提升國際競爭力，探索國際舞台的機會與可能。此外，本校自 2019 年起與財團法人林堉璘宏泰教育基金會合作設置「堉璘-臺大人才培育計畫」，以設計思考課程及現場專案協作之方式，培育積極、具備願景驅動且有回饋臺灣社會想法的同學，提供補助、鼓勵其赴往海外研修，取得執行專案所需的能力，以利返國後專案的推進。

Encouraging Students to Pursue Their Dreams Abroad

To broaden students' international perspectives and experiences, facilitate academic and cultural exchanges with higher education institutions across the globe, and cultivate internationally competitive talent, NTU hosts multiple dedicated projects and grants. For example, the National Taiwan University Voyage of Aspirations Scholarship was launched in 2019 to open more doors for disadvantaged students to join exchange programs. With such support, the financial burden of studying abroad is greatly mitigated, so that students can focus on developing their international competitiveness and freely explore potential opportunities on the international stage.

In addition, the Y.L. Lin Hung Tai Education Foundation – NTU Project provides Y.L. Scholarships to nurture talent in Taiwan. By encouraging students to design the courses as well as participate in on-site practices, we aim to nurture proactive students with ambitious long-term vision and a commitment to contributing to Taiwan's development. Such financial support enables the students to smoothly study abroad and acquire the capabilities needed to execute and actualize their projects after returning to Taiwan.

打破疫情限制強化線上招生亮點

即使境外招生在疫情影響下，過往出國參加教育展、入校辦理招生說明會等實體宣傳活動受到限制，本校仍積極轉型為各式線上活動。本校除參與各國線上教育展，也主動出擊，辦理境外學生線上教育展，為使參展者獲得更新穎的體驗，更打造虛擬實境場館，並搭配為境外生特別設計的單一入口招生資訊網，使最新入學資訊更便捷取得且極富趣味，也讓境外學生申請入學詢問度在疫情下不減反增。

Increasing Enrollment Despite Pandemic Restrictions

Owing to limitations caused by the pandemic, NTU moved its participation in international educational exhibitions and student enrollment and orientation activities online. Furthermore, to increase engagement with international students abroad, the university created VR venues and a user-friendly web page designed to offer a space where students can easily access all necessary information regarding enrollment and admissions. NTU's efforts in this regard attracted even more application inquiries from international students during the pandemic.

國際生師徒制實習計畫

本校於 2022 年舉辦全臺第一個專為國際生打造的師徒制暑期實習計畫—「臺大國際引路人計畫」。本校與約 70 個政府部門、駐臺外國機構、企業、新創公司、商會、研究機構與非營利組織等機關合作，由各單位代表擔任境外生之導師，讓境外生除在實習過程中得以結合實務與理論做中學外，也有各領域導師帶領並探索生涯發展，以增加境外生於臺灣實習與就業市場。

首年成功媒合 22 國、58 名學生進入 40 間機構實習。本校辦理多場職涯培訓工作坊，由各實習機構之首長或代表分享各自學思歷程與職涯洞見，並舉辦多場企業參訪與文化體驗活動，強化境外生進入企業與機構前所應具備之軟實力。

NTU International Mentorship Program press conference - international dialogue and cooperation

NTU International Mentorship Program

In 2022, NTU launched this pioneering mentorship-style internship program tailor-made for our international students. The program invited members of around 70 government agencies, foreign organizations, corporations, start-ups, business chambers, research institutions, and non-profit organizations to serve as mentors for international students. We hope to provide an opportunity for the students to put their theoretical learnings into practice and inspire the students with new perspectives on life and career under the mentors' guidance. We also hope to enhance international students' competitiveness for the job market and internships here in Taiwan.

In the first year of its rollout, the program welcomed 58 students from 22 countries entering internships from among 40 entities. NTU organized a number of career training workshops, in which heads or representatives of the internship institutions shared their learning and career insights. Company visits and cultural activities further provided international students with advanced preparation prior to entering the workforce.
